

Environmental Chemistry Laboratory

2011 Seminar Series

Schedule

Date	Video Conference/Webinar	Speaker Name	Topic of Discussion
January 12		Postponed until April	Postponed
January 26		Tim Borrego Agilent Technologies, Life Sciences & Chemical Analysis	Advantages of GC/MS/MS
February 9	Webinar	Mary A. Kaiser, Ph.D. DuPont Corporate Center for Analytical Sciences	Highly Fluorinated Organic Compounds: Analytical Measurements In The Environment And In The Work-Place
February 23	Webinar https://student.gototraining.com/690dt/register/5135047288478936832	Tan Guo, Ph.D. Environmental Chemistry Laboratory	Applications of Mass Spectrometry for Small Molecules: Probing Electrochemical Reactions, Gas-Phase anions, Fate of Veterinary Pharmaceuticals in the Environment and Drug Discovery
March 9	Webinar https://student.gototraining.com/690dt/register/6193984738166853632	Bruce Godfrey, Ph.D. and Stefan D'Angona Curtis & Tompkins Laboratories	Quantitative Leak Testing For Soil Gas Wells Using A Commercially Available Helium Tracer Shroud
March 23	Webinar https://student.gototraining.com/690dt/register/6143464377893884672	Mahdi M. Abu-Omar, Ph.D. Purdue University	Green Catalysis for a Sustainable Future
April 13	Webinar https://student.gototraining.com/690dt/register/1357791639487302144	Monica Danon-Schaffer, Ph.D., P.Eng. Wardrop, A Tetra Tech Company	PBDE Problem of E-waste in Landfills
April 27	Webinar https://student.gototraining.com/690dt/register/2890417390118747648	Sabrina Crispo Smith, Ph.D. Environmental Chemistry Laboratory	Isotopic Signatures of Porewater Dissolved Inorganic Carbon in Santa Monica Basin Sediments: A Method for Determining DIC Sources
May 11	Webinar https://student.gototraining.com/690dt/register/6556149574705366784	Bruce La Belle, Ph.D. Environmental Chemistry Laboratory	Marine Debris Plastics
May 25	TBD https://student.gototraining.com/690dt/register/950119116187159808	TBD	TBD
June 8	TBD https://student.gototraining.com/690dt/register/6165691005449599744	TBD	TBD
June 22	TBD https://student.gototraining.com/690dt/register/8161854365676939008	Roberto Roy Geron, Ph.D. Dept of Laboratory Medicine - San Francisco General Hospital/ UC San Francisco	QTOF in Clinical Lab
July 13	TBD https://student.gototraining.com/690dt/register/1268338671986493184	Marine Grigoryan, Ph.D. Environmental Chemistry Laboratory	Human Serum Albumin adductomics

July 27	TBD https://student.gototraining.com/690dt/register/8161854365676939008	Syrago (Sissy) Petropoulou, Ph.D. Environmental Chemistry Laboratory	Measuring Emerging Halogenated Phenolic Compounds in Human Serum using Solid Phase Extraction & Liquid Chromatography Tandem Mass Spectrometry
August 10	Webinar https://student.gototraining.com/690dt/register/8697329722543349248	TBD	TBD
August 24	TBD https://student.gototraining.com/690dt/register/6246569981277215488	TBD	TBD
September 14	TBD https://student.gototraining.com/690dt/register/6855903932227905536	Carl Manor, Ph.D.	TBD
September 28	TBD	TBD	TBD
October 12	TBD	TBD	TBD
October 26	TBD	TBD	TBD
November 9	TBD	TBD	TBD
December 14	TBD	TBD	TBD

All presentations held in Berkeley DTSC Regional office 3rd floor Auditoriums.
